3 Keys to Successful Fundraising

1. **Get the word out:** Advertising is the most crucial aspect to holding a successful fundraiser. The key is to start all advertising at least four weeks prior to the event. Employ several different mediums by which to advertise. At school, post flyers all around school and put announcements on the school PA system and in the school newspaper. Spread the word around the community, at the YMCA, churches, community centers, grocery stores, coffee shops; use word of mouth and networking, and, where possible, purchase ads on Facebook. Any signs for the fundraiser should always have the date, time, location, and reason for the event. On the day of the event, make sure you have plenty of signs and volunteers ready to provide directions and answer questions.

   **Tip:** Check out our WorldStrides guides to PR and social media, available in our Resource Library on worldstrides.com.

2. **Ask for help:** Delegating the planning and preparation to a student and/or committed parent frees more time for you to plan the next fundraiser and focus on the trip. It also makes group members feel that they have a larger role in the planning of the tour. As an added bonus, taking this leadership role looks fantastic on students’ college resumes and bodes well for future employment.

3. **Save money on costs:** Be savvy. Ask for donations on as many needed tools or products as possible: e.g. paper supplies, t-shirts, sponges, candy, carnations, and more. In any situation where admission is charged, or hourly wages are earned, check local wages and pricing to charge the correct entry fees, rates, and food pricing.

   Our best advice is to be flexible and creative with your fundraising choices. And most of all – enjoy. Look at all these opportunities as fun activities to get you, your students, and the community involved in an amazing experience.

### High School Musical or Talent Show

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>3 hours/week advertising, ticket sales, enroll/organize acts, 6 hours/ event day(s)</td>
</tr>
<tr>
<td>Materials:</td>
<td>Auditorium/theater, flyers, sign-up performance sheets</td>
</tr>
<tr>
<td>Staff:</td>
<td>Emcee, performance groups, ticket collector, ushers</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$500-$1,500/night</td>
</tr>
</tbody>
</table>

The show generates lots of interest from the community and school, as staff and students are encouraged to showcase their talents. Create posters that promote performance sign up as well as indicate ticket cost and the event date. Then sit back, relax, laugh, and enjoy the night.

### Gig Around Town

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>5 hours/week preparing material, advertising, coordinating with local businesses, 1-2 hours/night-of performing</td>
</tr>
<tr>
<td>Materials:</td>
<td>Flyers, instruments/stage set-up, transportation vehicle</td>
</tr>
<tr>
<td>Staff:</td>
<td>Performing students, adult to represent students when collecting payment, stage crew</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$100-$300/night</td>
</tr>
</tbody>
</table>

Use your talents and take them out into your community – restaurants, fairs, malls, performing arts centers, and more. Seek various performance opportunities that result in either tips or donations to the program.

### Concert Night

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$100</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>5-10 hours advertising, selling tickets, coordinating with local businesses, printing programs, 1-2 hours/night-of-performing</td>
</tr>
<tr>
<td>Materials:</td>
<td>Flyers, instruments/amps/stage set-up, programs, tickets</td>
</tr>
<tr>
<td>Staff:</td>
<td>Performing ensembles, stage crew, ushers, ticket seller/collector</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$300-$1,500/night</td>
</tr>
</tbody>
</table>

Your students’ talents open up even more fundraising opportunities to your group. Sell tickets to a special concert (holiday or otherwise). Bring in even more money by selling advertising space in your concert programs to parents or local businesses. Ask a restaurant to donate a portion of their profits on the night of your concert; then encourage students’ families to go for dinner before the concert or grab dessert after. Alternatively, have the students perform at the restaurant. Families and friends will want to come watch the students perform and eat while they do so.

### Rehearse-a-Thon

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>2 hours/week preparing material, advertising, 1+ hours practicing</td>
</tr>
<tr>
<td>Materials:</td>
<td>Flyers, practice venue</td>
</tr>
<tr>
<td>Staff:</td>
<td>Performing students, adult to monitor practice time</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$50-$100</td>
</tr>
</tbody>
</table>

This fundraiser is perfect for performing travelers. Parents, teachers, etc. offer pledges for each hour of practice. This encourages groups to not only raise money for their upcoming trip, but to practice more for their upcoming performances. It’s a win-win.
**Performing**

**Singing Valentines**

Initial Operating Cost: $0
Planning & Execution Time: 10-15 hours preparing music, processing requests, getting approval from other teachers/administrators, 1-2 hours/day-of performing
Materials: Flyers, ballots to get requests
Staff: Performing ensembles (a cappella)
Expected Earnings: $100-$500

What better way to spread the Valentine Spirit than hosting “Singing Valentines.” Establish a list of songs you can perform with a roaming a cappella group. Students pay a small fee to have your performers sing one of the songs from a list the group has prepared. Performers can go from classroom to classroom on Valentine’s Day to sing in front of their peers. This is a great way to get the whole school excited and involved in your fundraising and your upcoming trip.

---

**Sales**

**Per Hour/Per Job**

**Babysitting, Dog Walking, Snow Shoveling, Taxi Driver**

Initial Operating Cost: $0
Planning & Execution Time: Continuous, 10-20 hours/week (per student basis)
Materials: Flyers, shovels, rakes, car, leash – items consistent with business model
Staff: Individual student
Expected Earnings: $8-$15/hour

This tried-and-true technique really works for individual student fundraising, and your travel group can ask students to commit to fundraising on their own using their time and talent. Jobs can include babysitting, dog walking, leaf raking, lawn care, snow shoveling, or even acting as a taxi,”—ie. driving older citizens to run errands, visit friends, and attend appointments. Students advertise their efforts in the community through word of mouth, social media, fliers, etc.

---

**Tutor & Mentor Program**

Initial Operating Cost: $0
Planning & Execution Time: 10 hours plan, run 8-week program (one-hour lesson, twice a week)
Materials: Flyers, school classroom or local library
Staff: Student tutors, Teacher to oversee
Expected Earnings: $20/hour

What better way to promote learning and leadership than providing an after-school tutoring program for young learners? Advertise with the PTA and elementary schools and enroll students for private tutoring. If you have 8 travelers you can have 8-16 learners depending on tutor ratio and how many times a week the student attends. Tutoring is very valuable for younger students, but expensive for parents. This program offers great tutoring for a very reasonable price. Students learn how to teach others and become excellent role models for younger students.

---

**Work Auction: Students Sell Work Hours**

Initial Operating Cost: $0
Planning & Execution Time: 5-10 hours/week
Materials: Work sponsorship sheet hours
Staff: Individual student
Expected Earnings: $100-$1,000/student (depends on work hours per student)

Does a teacher need help grading or raking leaves? Maybe a house needs to be painted or some errands need to be run? Teachers can “sponsor” a student for hours worked (i.e. they pay the student $50 for 5-6 hours of work) and can spread the work throughout the year. This works really well when extra hands are needed around town and all the money goes directly toward the students’ tour.
The Drop-off Café

Initial Operating Cost: $100 (depends on donations and coffee used)
Planning & Execution Time: 5 hours preparation, 4 hours/morning for 4-8 weeks
Materials:
- Coffee, hot chocolate/tea (optional), hot water, gallon coffee containers,
- creamers, stirrers, sugar, table, signage with pricing, money box
- and change, baked goods (optional), straws
Staff: Parent volunteer/teacher, two students each morning
Expected Earnings: $300-$600/month

Remember lemonade stands? Welcome to the 21st century stand: The Drop-off Café. Set up a hot chocolate and coffee stand with snacks at your high school’s drop-off spot. Ask local coffee shops for donations to the café. Open the stand an hour or so before school starts and serve fresh hot coffee to commuters. In the rush of getting out of the house, many do not have time to stop for coffee and will be pleasantly surprised to see the morning brew. WorldStrides’ very own Caitlin O’Connor said the Commuter Café fundraiser was extremely profitable and resulted in many happy commuters. It takes a week for commuters to catch on to your daily attendance and note the duration of time you will have your café open.

Concession Stand

Initial Operating Cost: $100-$200
Planning & Execution Time: 3 hours/per game, 1 hour for preparation
Materials: Food, beverages
Staff: Parents, teachers, students
Expected Earnings: $500-$1,000/per event

Supply a concession stand at local events, games, elections, debates, presentations, and community gatherings. Supply candy, baked goods, hot cocoa, sodas, water, coffee, soft pretzels, popcorn, and anything consumers would want to buy. The stand is great for earning money and keeping spectators happy.

Hollywood Stars

Initial Operating Cost: $0
Planning & Execution Time: Continual
Materials:
- Plaques, designated property, permission of administration
Staff: Student sellers, Teacher
Expected Earnings: $1,000-$5,000

Campaign to sell engravings on bricks, chairs, benches, desks, auditorium seats and more. What better way to honor a great secretary, school nurse, the star athlete or flute player than to purchase an engraving in their honor? Administrators will have to approve the property alteration, engravings, and design, but the purchase is both lasting and meaningful to the school. Engravings earn quite a bit of money, so it’s a good idea to donate a portion of the proceeds to the sponsoring school, as a way to get this activity approved.

Buy Bulk: Costco, Sam’s Club, BJ’s and More

Initial Operating Cost: $75-$100
Planning & Execution Time: 2 hours/week
Materials: Candy, food, beverages
Staff: Individual student
Expected Earnings: $50-$400/student (depends on student commitment)

Purchase items in bulk that people would want to buy at school, events, or door-to-door and sell them individually. Past purchases have included bulk cookie dough, lollipops, pizza dough, water, M&M’s, Twizzlers, Skittles, sodas, and more. Buy a box of M&M’s for approximately $36 and sell the M&M’s packets for $.75-$1 each. You will profit $20-$40 per box.
Magazine Sales

Initial Operating Cost: $0
Planning & Execution Time: 5 hours plan, 2 hours/week sell
Materials: Online company
Staff: Teacher, student sellers
Expected Earnings: $250-$1,000/student

Find an online or local magazine company; collect all the information and paperwork to present to parents and students, set individual and team selling goals, and start selling. Run the program for about 4 weeks to ensure solid sales, but set a deadline for submitting orders. Many people purchase magazines at the local store and spend on average $2-$3, or more, per magazine than they would on a year subscription. Students can make a lot of money selling magazines. Resources are: coaches.espn.com, resourcefundraising.com, and gatewayfundraising.com.

Found Objects Art

Initial Operating Cost: $20/chair
Planning & Execution Time: 15 hours
Materials: Chairs, paint, donated materials
Staff: Teacher or parent, student designers
Expected Earnings: $10-$150 per chair

Get students to decorate a donated piece of furniture to raise money for their educational tour. Typically this project is focused around decorating chairs, but students can be more creative, delving into redesigning other types of furniture, or even other large objects like musical instruments. Using a variety of materials to demonstrate their creative style, students can add wings to the back of a stool, use concepts from the Wizard of Oz, turn a stool into a cow with udders, and even design a plant holder. The furniture can then be sold directly, or through a silent auction. The key to making this fundraiser successful is finding an event to coordinate with. Display the chairs in a public space a week before the event or sale, and set up photos for online consumers. One teacher’s fundraiser was so popular that people started placing orders ahead of time. Look through an attic or find a yard sale and have some fun turning the old into new.

T-Shirts

Initial Operating Cost: $0-$150 (depends on donations & supplies)
Planning & Execution Time: 20 hours
Materials: T-shirts, design plate, dyes
Staff: Teacher or parent, students
Expected Earnings: $400-$800

Design a shirt for the trip, the foreign language department, the school, or a theme and sell shirts to the school. (WorldStrides will be happy to provide you with a logo.) Wearing the shirts promotes sales as well as advertising for the trip. Some people put the map of the tour on the shirt, the country, or pictures of the group. This idea also works well with bumper stickers, key chains, magnets, socks, etc. and unites the traveling group as well as the school community.

Coloring Books and Puzzles for Elementary Students

Initial Operating Cost: $0-$100 (depends on material donations)
Planning & Execution Time: 20 hours
Materials: Art supplies, crossword/word search design
Staff: Teacher or parent, student design & sell
Expected Earnings: $100-$200/student

Have students design a puzzle book or coloring book and sell them to parents for their children. Choose current trends for children in the design and watch your students build an educational and fun resource for younger children. Many students can create these designs on their computer and take pride developing these resources. Plus, elementary students love that the coloring book was designed by an older student.
Recipe Book

Initial Operating Cost: $0-$100
Planning & Execution Time: 10 hours
Materials: Recipes, printing materials
Staff: Teacher or parent, students
Expected Earnings: $500-$800

Today cookbooks cost a lot of money. Designing a homemade cookbook saves buyers money and connects different cultural tastes and families around the community together. Collect recipes donated from teachers, parents, and students, combine them into a cookbook, and bring a new taste to the kitchen. Experiment with a cookbook theme connecting to your tour destination.

VIP Seating and Parking

Initial Operating Cost: $0
Planning & Execution Time: 2 hours, 5 hours/game day
Materials: Sofa or porch furniture, table, permission of school
Staff: Teacher, students
Expected Earnings: $50-$100/per event or parking week

For the big game or show at school, sell VIP “couch” seating for $10 to $100 a pop with a cocoa service and hot dogs included. If the couch doesn’t fly, sometimes at the big football or basketball game you can secure 10 seats and ask permission to sell RESERVED seating at an upgraded price. Make sure it is approved by the athletic department, principal, and ticket sales, and then mark off the seating and earn money for your trip. For those who hate searching for a parking spot or parking a mile away, or for those who want to arrive a bit late and secure front row parking, section off VIP spots for sales/per day. Reserving 4 spots at $10-$15 for specific games earns some groups $400/month.

Wanna Get Away?

Initial Operating Cost: $0
Planning & Execution Time: 5 hours
Materials: Tickets, weekend getaway location
Staff: Teacher, students
Expected Earnings: $500-$3,000

Find a parent or teacher willing to raffle their timeshare for a week or weekend. Sell tickets for the weekend away and make sure there are a few flexible weekends provided with the timeshare so you can give the winner flexibility for vacation time. Collect several weekends if you can. Tickets can sell for $10-$20 each.

Door-to-Door Bake Sale

Initial Operating Cost: $0-$20
Planning & Execution Time: 10 hours or continual
Materials: Baked goods
Staff: Individual students
Expected Earnings: $25-$75/event

Start a neighborhood bake-off and go door-to-door selling the delectable treats. Bag them up in packets for $1 or sell them individually. If you really are prepared, go door-to-door taking orders for the holidays. Maybe someone is having a family get together and could use the extra help baking. Oftentimes, your homemade treat is more affordable and filled with love than a catering company.
### The Traditional Bake Sale

- **Initial Operating Cost:** $10/person
- **Planning & Execution Time:** 5 hours
- **Materials:** Baked goods, table, permission of school
- **Staff:** Teacher or parent, student bakers
- **Expected Earnings:** $50-$200/event

Fire up the oven, get the sweet smells of baking flowing, and donate a dessert or healthy snack to sell at a school bake sale. The bake sale might require the permission of the school and depend on other groups fundraising, but try to do as many as you can. Teachers have sold individually wrapped bags of popcorn, brownies, cupcakes, cookies or healthy options such as fruit cups, veggies with dip, apples, etc. and earn up to $100 per sale. The bake sale is all up to your creativity.

### Dinner on the Go

- **Initial Operating Cost:** $0-$75 (depending on donations)
- **Planning & Execution Time:** 3 hours/week
- **Materials:** Order forms, weekly advertising, list of pre-cooked meals
- **Staff:** Head chefs
- **Expected Earnings:** $200/week

Set up a program where each week a specific meal is cooked in bulk (i.e. make 100 servings of meatloaf). Take orders the previous week so you know how much to make, and have parents pick up the meal after school while they are getting their children. That night, mom or dad is off the hook, as dinner is ready. Lasagnas, turkey dinner and more has been prepared to provide a healthy family meal for students and their parents.

### Raffle Donated Items

- **Initial Operating Cost:** $0
- **Planning & Execution Time:** 5 hours
- **Materials:** Raffle tickets, donated products
- **Staff:** Teacher, student sellers
- **Expected Earnings:** $500-$1,000

Have parents or local businesses donate items of value, like gift certificates, goods, or services. Don’t underestimate less traditional donations, like asking creative people to donate homemade products (artwork, quilts, knitted items, pottery, woodwork, fancy cakes or cookies, etc.) or offering students’ services (rake leaves, paint, mow lawns, do housework, wash cars, babysit). Make posters, web pages, fliers, etc. advertising the raffle with all the items listed, ticket prices for each, and the drawing date! Sell tickets for $1 each or $5 for 10 and watch your fundraising soar! A few tips from those who know: Sell as many tickets as you can at school or at local fairs and events. Be sure to ask for name, address, and phone number so you can contact the winner afterwards. Know that some schools or events may require you to get a raffle permit first.
Shh... Silent Auction or a Very Loud One

Initial Operating Cost: $0
Planning & Execution Time: 10 hours
Materials: Auditorium
Staff: Teacher, students, auctioneer
Expected Earnings: $500-$2,000

Like a raffle [above], but an event! Obtain donations from anyone and everyone and display them on tables throughout the room. Host food and beverages at a community center or the school, and throughout the night, attendees bid on the items via signups on the tables. Alternatively, host in an auditorium and give your guests paddles with numbers [thick paper with tongue depressors works!] and find an auctioneer [someone who is vibrant, loud and lively, and not afraid to put on a show] for live bidding. Many successful auctions combine the two types, with a silent component to start, and then live bidding for the biggest prizes. Many have seen this raise $10,000 before!

School Dance

Initial Operating Cost: $0-$200 (depending on donated food/decorations/DJ)
Planning & Execution Time: 2 hours/week, 7 hours/day-of event
Materials: Gym or cafeteria, music, tickets, advertising, food/beverage, tables, chairs, decorations (optional)
Staff: DJ, chaperones, ticket collector, concession & decoration volunteer
Expected Earnings: $500-$2,000

Dance the night away, like in the discotheques in Spain. Dances are popular with students, demand a simple setup (the hard part is finding the chaperones.), and are very profitable. Find a DJ [ask a student/teacher to save on costs], secure the high school gym or cafeteria, and book volunteers. Wherever your educational travels are taking you, why not make the dance theme reflect your destination?

School Fair

Initial Operating Cost: $100-$500
Planning & Execution Time: 2 hours/week, 8 hours/event day
Materials: Tickets, track or gym, games, dunk tank, baked goods, whip-cream pies and apples
Staff: Students, volunteer game hosts
Expected Earnings: $500-$2,000

Set up a carnival day in the gym or around the track or at a local elementary school for all the local schools and your community. Children love participating in events like bean toss, egg toss, dunk tank, pie eating, pie throwing, volunteer face painting, bob for apples, and more. What a great event that brings the community together. Sell tickets for general admission for a day of fun. Put the principal in the dunk tank and watch the money grow. You can even have a chili, apple pie, or BBQ bake-off among a group of teachers/students where you sell the food and people vote. Some people charge $1 per pie thrown and run the event two days in a row.

Celebrity Dine or Debate

Initial Operating Cost: $0
Planning & Execution Time: 8 hours
Materials: Permission of restaurant, tickets to evening
Staff: Celebrity, student waiters
Expected Earnings: $40-$75 tips/student

Ask a local restaurant to host a “Dinner with a Celebrity” evening or invite a local star (mayors, superintendents, etc.) to speak or run a workshop. If you dine, students can bus tables for tips. If you debate or workshop, you can sell tickets to the event. If you're looking for celebrities with a little more buying power, search your hometown on wikipedia.org and scroll to the bottom. You’d be surprised at how many famous personalities hail from your neck of the woods.
**Events**

**Are you Smarter than a 5th Grader?**

- **Initial Operating Cost:** $0-$50
- **Planning & Execution Time:** 20 hours
- **Materials:** Auditorium, desks, microphone, projector, questions
- **Staff:** Contestants, game show host, elementary student game players, ticket collector, chaperones
- **Expected Earnings:** $200-$500

Produce your own game show. Host the popular show in the school auditorium and sell tickets for entrance. Have students and faculty donate questions [i.e., History, Geography, Art, English, Foreign Languages, etc.] for the competition and recruit one student, one teacher, one administrator, and one community member to play. Have food for sale and allow audience members to submit sponsored questions. For example, donate a question worth $5 if the one playing the game gets it right, $5 goes toward the tour. If contestant gets it wrong, the question submitter receives half donation in return. It’s a fun and educational event for all. You can also run a Family Feud or Jeopardy event night.

**Kids Night Out Babysitting**

- **Initial Operating Cost:** $100 (depends on donations and coffee used)
- **Planning & Execution Time:** 5 hours preparation, 4 hours/morning for 4-8 weeks
- **Materials:** Permission of commuter rail, coffee, hot chocolate/tea (optional), hot water, gallon coffee containers, creamers, stirrers, sugar, table, signage with pricing, money box and change, baked goods (optional), straws
- **Staff:** Parent volunteer/teacher, two students each morning
- **Expected Earnings:** $300-$600/month

Students and teachers invite local elementary school students and their siblings to join them in a “Kids Night Out” at the school. High school students babysit elementary school kids from 6-10pm in an evening full of events, fun, and learning. Groups charge $10-$15 per child. We recommend setting a specific age range for the children between 5-12, having students responsible for a specific group or activities, and having parents sign an authorization form. Having a volunteer nurse on hand that night is great reassurance for the parents as well. Parents love this event because their kids have a wonderful time, they enjoy an evening alone for dinner and a movie, and Kids Night costs far less than a babysitter.

**Tournament of Champions: Teachers vs. Students or Parents vs. Teachers**

- **Initial Operating Cost:** $0
- **Planning & Execution Time:** 10 hours plan, 4 hours/event day
- **Materials:** Ball field/game boards
- **Staff:** Umpire, players
- **Expected Earnings:** $100-$300

Set up a competition, any type of sporting game – softball, kickball, basketball, track/field, Jeopardy competition, Scrabble tournament, and more. Set the opposing sides and collect $5 per person for all who want to play. Students can root for one team or the other by making donations to that cause. All the proceeds can go to the trip or half to the school. Every school needs a cordial rivalry.
Flea Market

Initial Operating Cost: $0
Planning & Execution Time: 5 hours plan, 8 hours/event day(s)
Materials: Parking lot, gym or cafeteria, tables
Staff: Student vendors, adult chaperones
Expected Earnings: $100-$500/per student

Find a parking lot or the school gym to set up a large, open flea market. Students visit neighbors, friends and family to collect a variety of donations – clothing, posters, records, etc. Each student sets up their own table and keeps the money they earn to put toward the trip. This event is another way for students to develop business skills, especially in negotiation and fair pricing. If the entire group cannot run the flea market, suggest that students individually host a yard sale at their house based on the same premise.

Car Wash

Initial Operating Cost: $50-$75
Planning & Execution Time: 5 hours plan, 6 hours event/day (Sat & Sun 10am-4pm)
Materials: Parking lot, sponges, buckets, hoses/water source, soap, advertising signs
Staff: Student washers, adult chaperone
Expected Earnings: $500-$1,500

Find a local parking lot on a road frequented by traffic, willing to transform one day to a car wash with a water source, and then hope for a warm sunny day. Day of advertising via the students waving posters on the sidewalk is very successful, and car owners love not having to wash their car. Charge a $5 minimum per car or ask for donations.

Flipping Pancakes

Initial Operating Cost: $50-$75
Planning & Execution Time: 3 hours plan, 6 hours event day (Sat & Sun 7am-1pm)
Materials: Cafeteria, pancake mix, plates, napkins, plastic-ware, syrup, trash bins
Staff: Student cleaners, cook, ticket attendant
Expected Earnings: $500-$1,500

Pancake breakfasts are a huge hit and an easy way to make a profit. Moms and dads, tired from a long week, love taking the family out for an affordable breakfast [this can be great for Mother’s Day or Father’s Day]. Buy bulk pancake mix, syrup, butter, napkins, plates, forks and knives, find a great chef and the gym, community center, or willing place to participate and run the event from 8am-12pm on Sunday. Charge per head (you might want to charge different for adults and children), provide all-you-can-eat service, and watch families enjoy. Just make sure the students stay as the clean up crew. You can also set up a donation jar if you want.
Events

Road Race, Running Event, or Walk

Initial Operating Cost: $0-$300
Planning & Execution Time: 8 weeks plan & advertise, 3 hour set up pre-event, 7 hours/event day
Materials: Flyers, city race permit, event location – park or track, advertising, registration forms, waivers, t-shirts, donated water, food, oranges
Staff: Registration table, results recorders, food table attendants, course attendants for water stations & turns, lead & last car driver, nurse and police
Expected Earnings: $500-$5000

Find a course near your school that requires little or no traffic control. The track works as well. Confirm local permission requirements. Pick a distance or two (i.e. 5k and 10k) and have students/parents volunteer for different event jobs. Advertise the race in local papers, on the web at active.com, craigslist.com, or signmeup.com, local running magazines, the school paper and website, as well as flyers around town/school. Distribute student-designed flyers to local athletic/running, community centers, gyms, schools, grocery stores, and other locations. Perhaps a science or geography teacher will help design and measure the course? Students may even want to design and print a race t-shirt. Mark the course the day before, or morning of, with cones and clean directions around corners, and have students pointing the way at all turns. Have the finish line ready with plenty of water and food for finishers. A bake sale, raffle, or sale of race t-shirts after the event can add to the proceeds. Races typically yield $500 to $2,000 in one day in a small town. We recommend you charge $20-$40+ per entry.

Destination Dinner

Initial Operating Cost: $0-$100 (depending on food donations)
Planning & Execution Time: 10 hours
Materials: Restaurant, cafeteria, gym
Staff: Students, Teacher
Expected Earnings: $150-$500

Dinner at the Louvre with Mona? Tapas at Seville with a Matador? You decide. Set up a dining evening around an international theme. Have students cook and serve. Set the mood, decorate the cafeteria or rent out a restaurant. Charge a fixed price for a specific menu and provide entertainment as well (see if an entertainer will volunteer on a Monday night when business is usually slow). Keep to the theme and go over and above with fun.

Barnes & Noble® Fundraising

Initial Operating Cost: $0
Planning & Execution Time: 2-3 weeks
Materials: Customizable promotional flyers, postcards and bookfair vouchers can be downloaded from the Barnes & Noble® website
Staff: Students to hang flyers, mail/hand out postcards and vouchers
Expected Earnings: 20% of book sales

Host a book fair at your local Barnes & Noble® and receive up to 20% cash back to use toward your tour. Work with your local Barnes & Noble® to arrange a bookfair date and time. Download materials from bn.com/bookfairs and customize them to fit your bookfair. Hang promotional flyers around school, mail postcards and pass out vouchers to as many school and community members as possible to promote the book fair. Your school will receive a percentage of the bookfair sales, up to 20%. Visit bn.com/bookfairs for all the details about this great fundraising opportunity and how to download materials that will help you promote it.
### High School Sleepover

- **Initial Operating Cost:** $100
- **Planning & Execution Time:** 5 hour planning, overnight for event
- **Materials:** Flyers, enrollment & waiver forms, games, food/beverages, TV/DVDs
- **Staff:** Nurse, chaperones
- **Expected Earnings:** $300-$600

Set up at the gym with games, movies, and a big potluck dinner. Charge admission at the door for all participants, everyone brings their sleeping bags, has dinner, watches a movie, and sleeps in the gym after dinner. A liability letter that everyone signs, and rules that no one can leave until 5am is good to have established and on hand.

### Work-a-Thon in your Community

- **Initial Operating Cost:** $0
- **Planning & Execution Time:** 10 hours
- **Materials:** Sponsorship sheet
- **Staff:** Individual student
- **Expected Earnings:** $500

Contact a community organization such as Habitat for Humanity, Big Brothers/Big Sisters, or the local senior citizen center. Set a volunteer day, time, and location. With your participation set, obtain sponsorship from neighbors, church, family, and friends for specific price per amount of volunteer time. For example, if the student volunteers for 10 hours and has 50 sponsors at $1 an hour, that results in a $500 profit.

### 50/50

- **Initial Operating Cost:** $0
- **Planning & Execution Time:** 1 hour/raffle
- **Materials:** Tickets, raffle bucket, event
- **Staff:** Teacher, students
- **Expected Earnings:** $100-$1,000/event

Always a great way to earn money and reward the winner with money on the spot. Sell tickets for $1 each or 5 for $3, have students walk around a game or local event selling the tickets where permitted (if you get the permission of a local fair you can host several 50/50 raffles in a day and make solid earnings.). Pay out the winner and put your earnings toward the trip.

### Free Trip Raffle

- **Initial Operating Cost:** $0
- **Planning & Execution Time:** 3 hours
- **Materials:** Tickets, raffle bucket, advertising
- **Staff:** Teacher, student sellers
- **Expected Earnings:** $200-$800

Teachers who have enough projected or enrolled students to ensure an extra free spot may have a spare free place not being taken by a chaperone on the trip. You can raffle that free spot for teachers, students and parents who want to go on tour. Sell raffle tickets for $5-$15 and make a significant profit. This is only advised if you are willing to forfeit a free place.
## Events

### Thanks Mom and Pop

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>10 hours</td>
</tr>
<tr>
<td>Materials:</td>
<td>Host restaurant, invitations/tickets</td>
</tr>
<tr>
<td>Staff:</td>
<td>Teacher or parent, student sellers</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$300-$700</td>
</tr>
</tbody>
</table>

Find a local business or restaurant to host one day where a percentage of their day’s revenue is donated to your tour. In one town, the local pizza place donated 10% of the days’ sales to the group. Put up posters with the date and time the store or restaurant is sponsoring your group. Urge everyone to buy something or eat dinner there that day/night. This is great exposure for the store or restaurant, generating additional traffic to their location, and boosting sales. It is also a great community donation and tax write-off.

## Holidays

### Stress-Free Holiday Shopping Night

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>2 hours, 4 weeks sell tickets</td>
</tr>
<tr>
<td>Materials:</td>
<td>Tickets, permission of mall</td>
</tr>
<tr>
<td>Staff:</td>
<td>Teacher/parent coordinator, student sellers</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$300-$1,000</td>
</tr>
</tbody>
</table>

Certain malls will open their stores from 6pm-10pm on a Sunday night before the holidays to help student groups fundraise. Once the date is secured, sell $10-$15 entry tickets to interested shoppers. The ticket grants holiday buyers the ability to shop in a quiet mall at their own leisure without Disneyworld-like lines and crowds. What a relaxing way to shop for the holidays. Earnings can go to the group as a whole, or can be given to individuals based on their ticket sales.

### Start Wrapping

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$50-$250 (depending on supply donations)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>20 hours/week for 3 weeks</td>
</tr>
<tr>
<td>Materials:</td>
<td>Mall permission, wrapping paper, tables, tape, gift tags, signs, gift bags, and ribbons (optional)</td>
</tr>
<tr>
<td>Staff:</td>
<td>Teacher/parent, 3 students per booth</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$50-$200/night</td>
</tr>
</tbody>
</table>

Students wrap presents for shoppers during the busy holiday season. Ask the management of the local shopping mall if you and your students can set up two booths for three weeks during the holidays. Set up your booths from 4-9:30 p.m. three nights a week and have signs advertising your goal for the project and cost per wrapped gift. Then, start wrapping. To defer the cost of the event, ask a shop to donate wrapping paper, tape, etc. Everyone is busy around the holidays, making this an exciting and necessary event.

### Holiday Wrapping Paper Sales

<table>
<thead>
<tr>
<th>Initial Operating Cost:</th>
<th>$0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning &amp; Execution Time:</td>
<td>4 hours plan, 2 hours/week selling</td>
</tr>
<tr>
<td>Materials:</td>
<td>Company</td>
</tr>
<tr>
<td>Staff:</td>
<td>Teacher or parent, student sellers</td>
</tr>
<tr>
<td>Expected Earnings:</td>
<td>$200-$1000/per student</td>
</tr>
</tbody>
</table>

Purchase holiday themed paper and cards wholesale and sell products in school, at shopping centers, sports events, and more around the holidays. Sources to use are: conservatree.com, flaxart.com, and others you know. One WorldStrides Program Leader, in a small town with low prices, yielded $1,500-$2,500 in a season.
Gift Calendars

Initial Operating Cost: $0-$150 (depends on material donations)
Planning & Execution Time: 20 hours
Materials: Local or online printing company, photos/art submissions
Staff: Teachers or parent, students
Expected Earnings: $200-$1,000/student

Student photography and artwork wanted. Advertise an art contest for 12 winners to be published in a school calendar. Set a date for submissions 4-6 weeks later and confirm the 12 winners the day after the deadline. The winning work is then transferred to a local printing company (try to have them sponsor the calendar). Print the calendars and sell in December for January of next year. Calendars typically sell for $10-$15. Sell 100 at $12 minus $2 for cost, and you have earned $1,000. If you have been on a tour previously, include pictures of that tour to get people excited. The calendar promotes the purpose of the tour and generates revenue. Teachers comment that each year participants, future & past, anxiously await the annual WorldStrides program calendar.

Holiday Cards

Initial Operating Cost: $0-$40/student
Planning & Execution Time: 2 hours/week
Materials: Art Supplies – scissors, paint, stickers, ribbon, markers, photos, envelopes
Staff: Individual student
Expected Earnings: $50-$150/student

Students create and sell their own holiday, thank-you or birthday cards. Cards retail for $2.50-$4 each and are worth more if they are handmade. Gather art donations from local shops and start making cards. It’s a great way to have fun and bring the entrepreneurial light to your students once again. If you want to use an online resource for card making from old pictures check out: ipads.com.

Boo. High School Haunted House

Initial Operating Cost: $0-$150
Planning & Execution Time: 8 hours plan & decorate, 6 hours/event day(s) (Fri & Sat 4pm-10pm)
Materials: Gym or school hallway, costumes, music
Staff: Parent/teacher, students
Expected Earnings: $200-$600/night

Decorate a hallway in the school that all ages can visit. Grab costumes, design a spooky mansion, and use your creativity. Fill the space with dark colors, candles, and spooky music. Charge an entrance fee and all proceeds go toward the tour as a collective donation. Students need to help set up, decorate and spook.

Cleaning Crew: Halloween

Initial Operating Cost: $0
Planning & Execution Time: 2 hours/week from October 1
Materials: Insurance order forms, trash bags, rakes, gloves
Staff: Student cleaning crew
Expected Earnings: $75/student

Sell “Mischief Night” Insurance to neighbors and friends for a few dollars each. If the insured house gets hit on Halloween, the students will clean up the mess. Service guaranteed. It’s a fun idea, teaches students about the operations of insurance, and saves friends/family time if their house does indeed get “egged”. There may be other holidays or events in your area where cleaning insurance may be much appreciated.
Carnation Sale

Initial Operating Cost: $0-$150 (depending on flower donation)
Planning & Execution Time: 2 hours/week, 2 hours event day
Materials: Order forms, bulk flowers
Staff: Parent or Teacher, students
Expected Earnings: $200-$500

On Valentine’s Day, Teachers Day, or a special day you organize, buy bunches of carnations to sell for $2 each. Students traveling sell order forms to faculty, peers, and staff 2-4 weeks prior to the event and fill out the name of the recipient and a message, if desired. Encourage the local flower shop to donate as many flowers as they can to the event to offset costs. On the day of the event, pick up the flowers and have students distribute order amounts to the staff homeroom. Whether you give or receive a carnation, this fundraiser puts a smile on everyone’s face.

Cell Phone Recycling

Initial Operating Cost: $0
Planning & Execution Time: 2 hours/week or continual
Materials: Online company, technology donations
Staff: Teachers, students
Expected Earnings: $50-100/week

That’s right, recycle modern technology and profit. Ecophones is a cell phone recycling & consumer electronics recycling fundraising resource. Teachers set up a donation box in their classroom for broken and old computers, digital cameras, laptops, ipods, phones, and more. Shipping is free and using the program is easy. Information about Ecophone services, rules and regulations, is available online at recyclingfundraiser.com. Some students can earn up to $300 for a returned phone. Earnings can go to the group or to individual students. Market to the community as well as collect old products door to door in your neighborhood, and watch your earnings rise.

Bottle & Can Drive

Initial Operating Cost: $0
Planning & Execution Time: 3 hours/week
Materials: Collected bottles/cans, recycling center
Staff: Teachers, students
Expected Earnings: $250-$500/student

Collecting cans and bottles for cash will not work in all states, but for those where recycling sees a profit, start collecting. Students can do this individually or fundraise as a group, but it’s best to decide how you want to run this program from the start. A local school in Massachusetts has volunteers attend weekly college football games – the parking lot that is – and collect all the cans from the tailgate parties. In one day they make $1000+ in can returns. So keep a collection box in your room, have students individually collect and return, and/or head to the professional and college parking lots, help clean up the environment, and make money for your educational trip.
Pinching Pennies: The Penny Jar

Initial Operating Cost: $0
Planning & Execution Time: Continual
Materials: Coin jar
Staff: Students
Expected Earnings: $100-$1,000

While Australia did away with pennies years ago, the USA still loves those 1-cent denominations. With few penny candy stores around, the usefulness of the coin has diminished, UNTIL NOW. Set up a jar in your room for pennies and spare change all year and watch the money for the group grow. Have students do the same around their house. Some classrooms make a lot of money; some make enough for a free lunch for everyone. Whatever the situation—each cent counts.

Go Corporate

Initial Operating Cost: $0
Planning & Execution Time: 4 hours
Materials: Grant proposal, company
Staff: Individual student
Expected Earnings: $250-$5,000/student

Businesses love to help out students in their community and each year they usually look to sponsor an event or individual. There is no better sponsorship than helping a student gain the experience of a lifetime abroad, as the reward outweighs all others. Students submit grant proposals for financial support to a business or organization (Kiwania, Lions Club, American Legion, Walmart, etc.). Past students have received scholarship support ranging from $250-$5,000. A few great tips are: Compose a professional and personal grant that answers why you are writing and why the trip is important, appeal to several companies for support, visit the company to present the document, follow up with a thank you, and if awarded the scholarship, send sponsors postcards while on the tour or a compilation of photos and educational projects completed post tour. These presentation efforts show businesses the impact they have on the next generation, and the personal growth gained through their support.

Gift of Education

Initial Operating Cost: $0-$5 (stamps for letters)
Planning & Execution Time: 1 hour
Materials: Printer and internet access
Staff: Students
Expected Earnings: $50-400 per student

The WorldStrides Gift of Education Program offers students a chance to ask for donations from friends and family via a letter invite or customized e-card*. Available at worldstrides.com/fundraising, download a customizable letter template to send out to friends and family, or send a personalized donation-collecting email – an “e-card” directly to anyone you’d like. We have special cards for many of our programs, including Gift of Performance emails for music performance groups, Gift of Sports cards for athletes, and more. Unlike other fundraising sites, 100% of donations collected via your Gift of Education email are attributed directly to WorldStrides account – you don’t even have to handle the funds!

*Note: The e-card program may be different for different WorldStrides travelers. Most international travelers will have the option of a fundraising website instead. Please speak with your WorldStrides representative if you have questions after viewing the website.
Access Development *(For performing groups only)*
A WorldStrides Performing Arts Exclusive

**Initial Operating Cost:** $0  
**Planning & Execution Time:** 2-5 hours  
**Materials:** Provided by Access Development  
**Staff:** Students  
**Expected Earnings:** $350-$750 per student

*For performing customers only*

WorldStrides Performing Arts has teamed up with Access Development (formerly TriQuest), a nationwide leader in community fundraising, to provide your band, choir, or orchestra with a proven fundraiser your supporters will love! Access takes the traditional coupon book concept to a new level by providing a discount network of thousands of brands — national and local — available online and through a free mobile app download! Not only does WorldStrides take care of all of the set-up costs for you, we’ve arranged a special rate exclusive to our customers that is four times cheaper than the standard! You have two easy ways to sell the discount network – the Access Cards or We Fund Them Donation Engine. Use the cards to sell face-to-face, or raise your funds online through a completely customized donation portal. Learn more at worldstrides.com/meet-triquest.

**WorldStrides and the Media**

**Initial Operating Cost:** $0  
**Planning & Execution Time:** 2 hours  
**Materials:** Picture of group and article, media contacts  
**Staff:** Teacher or parent  
**Expected Earnings:** $50-$1,000/group

Get the local media outlets to run a story or clip of your students and your WorldStrides program and explain the need for donations. Articles have run in the education section as well as the travel section, and promote sponsorship for the student program. Teachers have also managed to publish websites collecting donations from the community and detailing the purpose and meaning of the tour. We can even provide you with a template to use. Check out the Publicity Toolkit at worldstrides.com/resource-library.

What works for you?
We want more fundraising ideas. Do you have an interesting and unique way to fundraise? A practical and profitable fundraising campaign not seen here? Send us more ideas, please. Providing educational opportunities abroad for all students is important to us and fundraising is a very important aspect of making that experience come true. Please send them to your WorldStrides representative or email them to marketing@worldstrides.org. In addition to this resource, visit our fundraising website at worldstrides.com/fundraising. Good luck and happy travels.
